“ **FEDERICA MOGHERINI**
Chief of the European diplomacy
« Agriculture is a major source of jobs in many partner countries and the EU should continue to support sustainable and inclusive policies and investment in modernisation of the sector and diversification to other income creating activities in rural areas. » **”**

“ **ANOUAR DAOU**
ENPARD Lebanon Focal Point
« The objective of ENPARD is to exchange our experiences and reinforce our complementarities because our farmers, whether in the North or South, are alike and they share the same challenges. » **”**

“ **DENIS POMMIER**
EU Delegation in Tunisia
« Agriculture is not a sector but a pillar of development which interlocks with many other sectors. » **”**

“ **SAÏD LAITH**
ENPARD Morocco Focal Point
« Agriculture today remains the principal driver in rural development and in the improvement of living conditions in the territories. » **”**

“ **DIDIER NILS**
EU Delegation in Morocco
« The ENPARD South initiative is a common vision for agricultural and rural development based on exchanges. » **”**

“ **ANDREAS SCHMIDT**
EU Delegation in Algeria
« Rural development aims to create work opportunities and the ideas to create these opportunities should originate from rural areas and its people. ENPARD carries these values of listening the rural community: how could we improve these areas ? » **”**
